

BUBBLICIOUS

Foaming Detergent

DESCRIPTION

Need foam? Then search no more. This foaming auto shampoo produces lush soft foam with an extremely stable profile that is ideal for all friction applications. The gentle detergents help lift dirt away dirt and leave a clean and shiny car. This is a must have as customers can't help but be mesmerized by its awesome show.

USAGE INSTRUCTIONS

This product is used in self-serve and could be used in tunnel applications as a foaming detergent. It should be applied with soft water allowing for greater foam profile. Begin by applying at 200-250:1. Adjust air as necessary to create the desired foam profile. More air will create a dryer more stable foam, while less air will create a wetter less stable foam.

FEATURES

- Good hard water stability
- Phosphate free
- Produces rich white foam
- Biodegradable
